EDUCATION

Miva Open University

Bachelor of science (HONORS)- Data Science (2026)

The Polytechnic Ibadan

Mechatronic Engineering (2024)

SKILL SUMMARY

- **Language:** Python, Java, Dart, JavaScript
- **Framework:** Flutter, React
- **Platforms:** Visual Studio Code, IntelliJ IDEA
- **Soft Skills:** Time Management Skills, Communication Skills, EXCELLENT COMMUNICATIONS, RAPPORT BUILDING, Creative Thinking Skills

WORKING EXPERIENCE

MOBILE APP DEVELOPER

- Designed and implemented responsive, visually appealing UIs designs for Android, iOS, and web.
- Hands-on experience with state management techniques.
- Integrated RESTful APIs, worked with backend technologies like Firebase (Firestore, Authentication, Storage), superbase and Local data storage using ISAR, Hive, and SharedPreferences.
- Hands on experience with payment integration, maps and AI.

PROJECTS

Language Translator App

- Integrated **Firestore Authentication** for secure login and user management, allowing users to access their personalized translation history.
- Enabled translation across **6 languages**, making the app versatile for global users.
- Included **speech-to-text** and **text-to-speech** functionalities for hands-free usage and accessibility.

Live Currency Converter App

- Integrated a **backend service (API)** to enable real-time currency conversion between any selected currencies, ensuring accurate and up-to-date exchange rates.
- Utilized **Provider state management** to efficiently handle app state, ensuring smooth and reactive user interactions.
- Implemented **line charts** for visualizing currency trends over time, providing users with clear insights into historical exchange rate data

Realtime live Weather Forecast

- Integrated a **weather API** to fetch real-time weather updates based on the user's location, ensuring accurate and dynamic data delivery.
- Designed a **minimalist UI** with engaging **Lottie animations** to visually represent weather conditions such as rain, sun, or clouds, enhancing the user experience and used provider state management

CERTIFICATION

- Programming in java **2021**
- Android Mobile app Development (java) **2021**
